HASMEAD PLC

Eco-driver Training at Hasmead

Hasmead have completed a pilot programme of eco-driver training with its staff. The initial programme was for 12 drivers, and covered a 1 day driving course including both theory and on road training. The key benefits of the course

were:

- **Reduced fuel use** and CO₂ emissions of up to 20%;
- **Reduced wear and tear** on the vehicles, and so better running costs;
- Increased driver awareness and a **less stressed driving** environment.

Hasmead Staff with their Driving Certificates

Hasmead are now rolling the training out to all drivers and are training a further 24 staff members in the coming months. Contact david.mulholland@hasmead.com

Note to Editors

Formed 26 years ago, Hasmead plc is based in Milton Keynes and carries out hard and soft commercial landscaping throughout the British Isles. Emphasizing good value, a proactive approach and projects that are completed on time and within budget, Hasmead invests heavily in safe systems of working and the continued training of its staff. The majority of Hasmead's contracts are negotiated directly with the company itself, rather than via the traditional tender process. This approach saves clients time and money, and has resulted in six-figure cost reductions on projects such as BAA London Heathrow Terminal Five and Green Park, Reading

Hasmead undertakes project management of extensive hard and soft landscaping projects including large civils work, bridges, service diversion, earth moving, lake and waterway construction, and planting. The firm also carries out high-specification hard landscaping work, and specialises in sourcing materials such as natural stone, bespoke architectural metalwork, street lighting and furniture

Procuring and implementing soft landscape works, Hasmead has a portfolio which includes some of the UK's largest and most prestigious projects. Through its sister company, Premier Trees, Hasmead has particular expertise in providing semi-mature trees and shrubs. The company welcomes enquiries for landscape projects of all sizes

The company is developing a national network to facilitate grounds maintenance and high quality landscape maintenance throughout the UK

Projects: BAA Heathrow Terminal Five, Royal Bank of Scotland World Headquarters, Gogarburn, Scotland, Green Park, Reading, • West Granton, Edinburgh, Stockley Park, The Hasmead Octopus Garden, RHS Chelsea Flower Show 2003, Bute Avenue, Cardiff. UK and Europe are the main operational areas. Hasmead plc, Mill Lane, Salford, Milton Keynes, MK17 8BY (01908) 593028 www.hasmead.com
