## **Ref: Santa Run Event at Stockley Park.**

Dear Ann,

On behalf of Harlington Hospice I would like to personally thank you and everybody at Stockley Park for allowing us to use the park and also for the fantastic support from all of the security team for our Santa Run on 4<sup>th</sup> December 2011.

The security team did a great job in both setting up the course on the 3<sup>rd</sup> and in organising security and helping out on the day. You all gave us so much support in organising this event and it just wouldn't have happened without your dedicated efforts.

The event raised a fantastic £2019 which would not have been possible without your support. This money will help us to continue to provide our existing palliative care treatment to the people of Hillingdon along with the new services that will be included in the new day care centre.

We cannot reiterate how important local support in the community is to us.

Kind Regards

Rose Turner
